The British School of Monaco

Whole School Emotional Health and Well-being of Children and Young People Policy

Our School Mission Statement

To provide Monaco families with a family-owned British curriculum school and an intimate nurturing community that motivates students to become grounded, passionate and aspirational learners. We want our students to enjoy each precious year of childhood as they grow into adults.

Our School Vision Statement

Our vision is to inspire our students to:

- ✓ try their hardest;
- ✓ think boldly, mindfully and creatively;
- ✓ act with integrity and empathy;
- ✓ lead with distinction;
- ✓ serve with a generous spirit –

and enjoy all that our school can offer.

Rationale

Emotional health and well-being has been defined as ‘a holistic, subjective state which is present when a range of feelings, among them energy, confidence, openness, enjoyment, happiness, calm and caring, are combined and balanced.’ *Thinking Positively: Emotional Health and Well-being in Schools and Early Years Settings* (Welsh Assembly Government, 2009). The British School of Monaco recognises that promoting emotional health and well-being helps to ensure happier and more motivated students and staff.

The British School of Monaco believes emotional health and well-being makes a direct contribution to school improvement in three main areas:

Teaching and Learning

- students are more engaged in the learning process;
- students can concentrate and learn more effectively;
- improved levels of literacy and numeracy;
- improved academic achievement;
- more effective teaching;
- parents/carers who are more engaged in school life.

Behaviour and Attendance

- students are more involved in school life and have a say in what happens;
- students with higher self-esteem and confidence;
- fewer students disengaged from learning and school;
- better behaviour in the classroom and improved attendance;
- fewer occurrences of bullying;
- lower rates of truancy, offending and substance misuse;
- lower rates of non-attendance/school phobia.

Staff Recruitment and Retention

- improved morale;
- lower absenteeism;
- better staff recruitment levels;
- better staff retention levels.

The British School of Monaco wants all students to have strong social and emotional skills in order for them to make friendships, deal with conflict, manage their feelings, be calm and optimistic, deal with setbacks, respect the rights of others, value diversity, work in teams and solve problems.

AIM

To promote emotional health and well-being in order to ensure happier and more motivated students and staff who get more out of school life.
